

ShadeView 243

by Imex Creative Products

ShadeView 243 will bring your home, office or entertaining area to light with its unique woven design, whilst still offering the optimum in shading solutions and visibility. ShadeView 243 has the ability to be railroaded for the ultimate blind or awning with no vertical joints. As with the entire Shadeview range you still get to enjoy the light and cool air filter through to your home whilst filtering out up to 90% of the sun's damaging ultra violet rays.

ShadeView 243 is ideally suited to external awnings, straight drop verandah blinds and shade sails. ShadeView 243 has been offering these shade solutions to Australians for over 20 years.

Features:

- Reduces up to 90% of the sun's harmful rays
- Controls reflected glare
- Provides shade and privacy
- Optimal ventilation and air flow
- High quality, UV resistant construction
- Mildew resistant
- Unique weave for the ultimate view
- Fire retardant additives
- Reduces cooling costs
- Weldable

Shade without compromise, insist on ShadeView
