

ISSEY DAKOTA

RETRACTABLE FOLDING ARM AWNING

When sunny conditions bring penetrating heat, glare and harmful UV rays, utilising outdoor areas can be unbearable. Without effective shade cover these entertainment and relaxation areas are unusable.

The Issey Dakota elegantly extends your living space by acting as a retractable roll-out roof. Its elongated headbox is fully enclosed giving a neat, compact appearance that is beneficial for smaller areas or low clearances. The Dakota brings a sleek, contemporary look to exterior entertainment and lifestyle.

Issey's intelligent systems and clever engineering allow the adaptation of the Dakota to various situations. Issey's expertise in design and their research and development in external and retractable sun shades, has earned us leading recognition in the marketplace. The Issey Dakota is technically crafted and unobtrusively fashioned to be robust and durable in the harsh Australian climate.

ISSEY DAKOTA

RETRACTABLE FOLDING ARM AWNING

APPLICATIONS

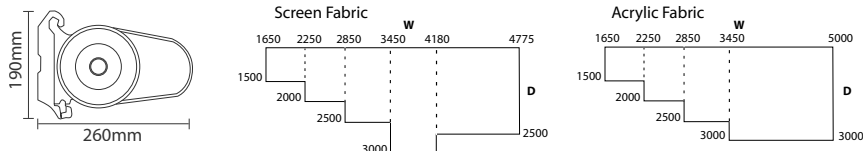

This beautifully constructed folding arm system is especially suited for compact patio, terrace or verandah areas as well as situations with low ceiling clearances. The pivoted brackets allow flexible inclines of up to 90 degrees.

- Patios
- Decks
- Courtyards
- Terraces
- Areas that experience low clearances

HEADBOX & SIZES

Pitch of sunshade is adjustable between 1 and 180 degrees. Slimline full-cassette powdercoated extruded aluminium box unobtrusively protects and prolongs the life of the system.

FABRIC

A wide choice of fabric colours are available to suit your unique situation:

- **Screen 90% or 92%** – If you want a view through the angled Dakota or more light to filter through, selecting the Screen fabric will ensure the majority of heat, glare & UV is prevented while the view is maintained.
- **Acrylic 99%** - High-quality, easy-to-maintain, mould-resistant acrylic fabric. The range gives up to 99.5% UV blockout
- **Slope** - A slope of 20 degrees or more is required for optimum rain protection

FOLDING ARMS

Robust Powdercoated Folding Arms - The Issey folding arms have stainless steel tension cables protected by a plastic sleeve for superior anti-corrosion, smooth operation and durability. The quality of the arm is shown in the lasting tautness of the fabric

OPERATION

The ability to retract the blinds gives you the power to control when and how much shade is required:

- **Manual Crank** - Removable external crank with handle attached to eye outlet
- **Motorised** - Somfy tubular motors that can be hardwired to a switch or operated via remote control
- **Automatic Sensors** - For enhancement of lifestyle, choose an automatic sun & wind sensor that automatically extends or retracts the systems according to the day's conditions
- **BMS** - Easily integrates with Building Management Systems for convenient and versatile control

FRAMEWORK

Robust framework and components for durability and longevity:

- **Colour of Frame** - Choice of over 100 colours from the Dulux Powdercoating Range
- **Material** - Powdercoated extruded aluminium framework
- **Nuts, Bolts & Fixings** - Marine grade stainless steel

INSTALLATION METHODS

Each situation is unique and requires different methods of installation. Issey's own installers will create the most suitable method for your application:

- **Face Fit**
- **Top Fit**

DAKOTA VARIATIONS

- **Dakota Plus Delite** - This heavy duty Dakota is designed to cover an area of 28 square meters and elegantly incorporates spot lights in the frontbar to extend the use of the versatile sunshade into the evenings. The slimline dimension of the headbox is d 285 x h 210; max width 7000 mm extensions available 3000, 3500 and 4000mm.
