

Introducing

Flexshade® Quartet™ 'C' - Curtain

FLEXSHADE® Q10C™
Square Centre Column

FLEXSHADE® Q10CS™
Square Cantilever

If your clients are looking for high quality shade at an affordable price, consider our new Flexshade® Curtain™ Series of engineered tension membrane structures.

The base structure is designed for 160km/hr wind loads, and 120km/hr with side curtains in place.

The Curtain™ Series is designed with either a cantilever or central column, with provision for site measured side curtains and optional corner posts for zip track type attachments.

Quartet 'C' can be linked providing flexibility and weatherproof cover to suit many layouts.

A 10 year Warranty is standard.
