

COUNCIL EXEMPT

COUNCIL EXEMPT

SHADE RUNNER

COUNCIL EXEMPT PACK

**Bypass
the Council!**

The Shaderunner retractable sail gives you the power to manipulate the climate within your entertaining area. This unique retractable sail shade system allows you to manually control the degree of shade you require at any one time, and neatly folds away to allow maximum sunlight when desired.

The new Shaderunner 'Council Exemption Pack' provides a range of design options to suit your outdoor setting that comply with all Council requirements and therefore don't require approval. This makes for a speedy and cost effective installation and ensures that you will be able to enjoy your entertaining area with the comfort of shading and UV protection sooner rather than later!

Recent changes to South Australian planning laws have provided exemptions which permit the installation of retractable and fixed sails that comply with the following:

- Sail consists of a permeable fabric
- No greater than 20 sqm of sail fabric area
- No higher than 3.0m
- No closer to the street frontage than the existing building

Also available as a 'Council Exempt Pack':

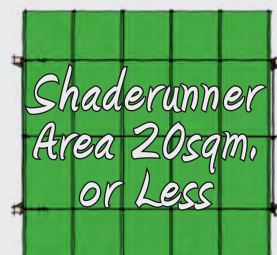

- **SAIL SHADES**
- **CANTILEVERED CAR SHADE CANOPY**

**DYNAMIC
CLIMATE
CONTROL**

FABRIC

90% or 95% Polyester Mesh Fabric - The fabric reduces up to 95% of the sun's harmful UV rays, controls reflected glare and is mildew and fire resistant. The fabric comes with a 5 year manufacturers guarantee. Fabric is fully weldable on seams and warranty extends to the use whilst under tension.

POSTS AND BRACKETS

- Galvanised 100mm posts with stainless steel eyebolt
- Option to powdercoat to choice of Dulux or Interpon colours + \$75 per post
- 10 year structural warranty on posts
- Marine grade stainless steel wall or fascia brackets

COMPONENT AND FITTINGS

For superior corrosion resistance the Shaderunner is constructed with aluminium tubing and the finest quality Ronstan marine grade stainless steel ball bearing pulleys and wire systems.

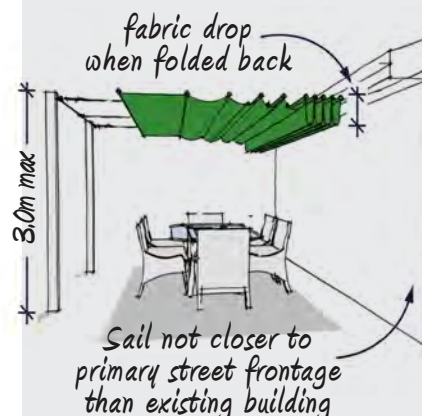

INSTALLATION METHODS
