

# WATERPROOF HYPAR SAIL

Sarah Constructions Head Office

**Client:** Sarah Constructions  
**Location:** Sarah Constructions Head Office,  
**Project:** Waterproof Hypar Sail  
**Fabric:** Ferrari Waterproof PVC

### Scope of Works:

Sarah Constructions prestigious new head office is an eye-catching building in the suburb of Glen Osmond. The Architect for the scheme required a waterproof sail to provide shade and all-weather protection for a small outdoor area to be used by office employees during breaks. Shadeform were engaged to design, engineer, manufacture and install this Waterproof Hypar Sail Shade. The sail, which is supported by two posts and two connections to the office building, is manufactured from Ferrari Waterproof PCV fabric.

Why not create a protected recreation area for your employees?
