ENEWS - DECEMBER 2009

SHADEFORM
SAILSHADES & ARCHITECTURAL RIGGING

Shadeform are widely regarded as South Australia's premier shading company designing, manufacturing and installing custom made Shade Sails and Structures with over 25 years experience.

***** NEW PRODUCT *****

***** NEW PRODUCT *****

CORRADI PVC RETRACTABLE ROOF

Shadeform have been appointed as the exclusive South Australian distributors for the Italian designed Corradi Waterproof PVC Retractable Roof System.

The system, made to size, has been designed to create an elegant and cosy outdoor space despite the most difficult weather conditions or strongest wind.

SEASHELL WATERPROOF AWNINGS

Shadeform have been appointed as the exclusive South Australian distributors for the revolutionary SeaShell Waterproof Retractable Awning.

The SeaShell Awning uses MagnaLOC technology allowing it to self retract when winds exceed a safe working load. With the ability to span up to 10m in diameter and a full 360° coverage around a central fixing, the SeaShell awning can be the perfect addition to many residential and commercial applications.

Shadeform have just installed a Seashell outside their Flinders Park showroom so come and check it out!

Fully engineered in various structure types (Aluminium, Timber, Steel or Stainless Steel) the fully motorised system runs on tracks to give the client the ultimate transformable room.

212 Grange Rd, Flinders Park SA 5025

email: enquiries@shadeformsails.com.au

Shadeform are the exclusive South Australian Distributors of:

GRANGE FORESHORE CONE

The Shadeform team have recently completed installation of a strikingly unique cone structure on the Foreshore at Grange.

Designed in consultation with the project Architect the custom made Waterproof PVC Cone has a slanted timber column to emulate the existing iconic tree line.

REGENCY TAVERN UMBRELLAS

Shadeform have recently installed 4 Side Post Waterproof PVC Umbrellas at the Regency Tavern providing an excellent, all-weather, alfresco dining area for restaurant patrons.

BLUESTONE - MT BARKER SAILS

Earlier in the year Shadeform completed a 2 stage sail shade development at Bluestone housing estate in Mt Barker.

With landscaping and play equipment now finalised the sails provide excellent shade coverage and superb aesthetic appearance to the central corridor of the development.

Using 90% Polyester Mesh Fabric and printed with Bluestone estate logos the sails are a striking feature.

Shadeform are the exclusive South Australian Distributors of:

RECENT RESIDENTIAL PROJECTS

Custom Made 90% Polyester Mesh Sail Shade.
A perfect addition to shade this pool and reduce evaporation in the extreme summer heat ahead.

Issey Dakota Folding Arm Awning.
With the ability to retract into a slimline headbox, it is an elegant retractable shade system.

NEW SAIL DESIGN INFO AVAILABLE

Market knowledge of Shade Sail design and construction is generally quite limited in terms of loading, construction and design layout. To enhance this Shadeform have just released a NEW brief document detailing some of the basic concepts in sail design and construction to assist clients in developing their ideas.

The document covers important design considerations such as sail construction, layout, fabric options and an introduction into shading concepts and the travel of the sun.

For a copy feel free to contact our office, or visit our website and click the link Shade Structures/Sails - General Information.

SHADEFORM SHOWROOM

Shadeform invites you to view their comprehensive Showroom display in Flinders Park (address below), including Sail Shades and Fabrics, Issey Automated Blinds and Awnings, Seashell Awning, Flexshade Umbrellas as well as a large range of Stainless Steel fittings and fixings.

PROTECT YOURSELF NOW

On the back of a record heatwave in November forecasters are predicting the heat to continue well into Autumn. Therefore time is of the essence when it comes to providing protection for your family from the harsh UV and heat.

Call Shadeform today to discuss your unique shading requirements with South Australia's premier outdoor shading company.

Flexshade PVC Umbrella.
A Waterproof PVC fixed Umbrella rated to withstand up to 160km/hr winds.

Stainless Steel Balustrade.
Using marine grade stainless steel posts, handrails & wires, this elegant system is perfect for both indoor & outdoor applications.
